

On behalf of all my staff, I welcome you to our office. We are delighted that you have chosen us for your dental care. We want you to know that we are committed to providing you with the highest quality of oral health care in the most gentle, efficient, and enthusiastic manner possible.

The following information will be very useful to you:

- We are proud of the results we achieve using the latest materials, latest techniques, and latest technology in dentistry.
- Our practice includes a wide range of comprehensive dental procedures, including restoration of dental implants, crowns, bridges, exclusive use of tooth colored restorative materials, tooth whitening, and other esthetic restorative procedures.
- At the time of your initial appointment, we will listen closely to your concerns and conduct a thorough, comprehensive examination. We will take the time to give you the personal attention you deserve.
- We will create an individual treatment plan for you with options so you can make an informed decision on your specific needs before any treatment begins.
- Did you know that gum disease is the leading cause of tooth loss? This is why we offer 3, 4, and 6 month continuing care programs. We will suggest the best plan for you at your initial visit.
- Dental implants have revolutionized tooth replacement because they are so natural and long lasting. Dental implants can replace a single tooth or many teeth. Ask us if you are a good candidate for implants.
- As a courtesy to our patients that have dental benefits, we will file your claims however; we strongly encourage you to contact your benefits provider or HR department to become familiar with the terms of coverage for dental care. Remember, your dental benefits program is a contract between you and your insurance company. We are not a party to that contract.
- We strive to always be on time for you, except as emergency situations arise. We would appreciate the same courtesy. No charge will be made for rescheduling your appointment, provided a minimum 24 hour notice is given- so that your appointment time may be directed to another patient. However, if we do not receive advance notification of cancellation a \$50 fee may be charged.
- The greatest compliment we receive is that most of our new patients are referred by our current patients. We offer our gentle dental care to all family members.

Thank you for choosing our practice. We look forward to serving your dental needs. If you have any questions or need directions to our office, please feel free to call us at 816-877-0200 or visit us at www.wendyweimerdds.com

We look forward to seeing you soon!

Dr. Wendy Weimer and Staff

P.S. Please complete all sections of the enclosed medical/dental history questionnaire and bring it along with your insurance card and driver's license (photo ID) to your first appointment. Please keep this for your records.
